Home Care Common Pricing Schedule

As of
August 1
2026

The rates in this Pricing Schedule are charged to the client's budget. The budget is made up of the Australian Government subsidy and client contribution (if applicable).

Murray Mallee Aged Care Group Inc. is committed to providing a quality service which meets the needs of all our clients.

We may adjust our Care Management charge, service charges or other fees in line with the conditions set out in every client's Service Agreement.

If you have any questions, please contact us at reception@murraymallee.org.au or call (08) 8532 2255.

Notes

- Client reimbursements will attract a 5% fee per transaction.
- All booking times are indicative and will be provided within a 15-minute service window of the booking time.
- Services between 8pm and Midnight will be charged at Sunday rates.
- Group Social Support (Centre-based) activities are approximately 4 hours per session.
- Group Social Support (Excursion) activities are approximately 6 hours per session.

Client Contributions

The Support at Home program requires all in-home aged care providers to charge an out-of-pocket contribution to clients.

Throughout this Pricing Schedule, you will see the three service categories - Clinical Supports, Independence and Everyday Living - along with their unique contribution amount. The contribution rate is also determined by your pensioner status.

Your contribution rate is means tested by Services Australia along side Support at Home services and you may be required to pay additional fees.

However, please note that if you were assessed for home care on or before 12 September 2024, then you are considered a Grandfathered Client. This means you will not pay for more contributions than you did under the Home Care Package program.

This means if a Grandfathered Client paid no client contributions previously, they still do not pay client contributions regardless of the service category under Support at Home.

- Creating and updating your Care Plan in partnership with you.
- Completing service management to ensure you receive the support you need.
- Monitoring, reviewing and evaluating your support and goals with you.
- Providing any other additional support and education that will enhance your home care.
